<p>WooCommerce Development:</p> <p>would like to know how to add a field for quantity next to product options purchased. For example what if they want to add two or three of the product options/add ons? See this product. https://outdoorflames.ca/product/schwank-outdoor-patio-heater-electricschwank/</p> <p>So they may purchase more then one patio heater and will require more then one face plate for example. How can this be done?</p> <p>Can you help with this? What would it cost? There are some plugins being used to have separate prices based on country. So the product add on plug in is a little limited.</p> <p>I look forward to hearing from you.</p>	\$80	5	0%	\$400
