WooCommerce Development: 1. when product entered on the website website does not have Weight and dimensions fields for the product; this needs to be corrected. Possibly because of this reason woocommerce – is not calculating rates correctly at all. 2. Some customers are not able to run their credit cards (I have to take card over the phone, # 48661) 3. Top of the home page- too much white area, 4. Home page: "US Manufacturer of Custom and Standard Laundry Bags and Covers" – all should be on one line. 5. Home page: US flag – is too small. It should be all the way to the right on the top, same size as logo. 6. Moving line with pictures: too much white space between images, is not moving smoothly enough. 7. Text with phone numbers should be slightly bigger 8. Bottom of the page: Welcome to Laundry Bags Online – should be all on one line, and it should read: LaundryBagsOnline.com 9. Bottom of the page: "you may have about your old orders as well as to offer the best solutions for your new orders. "- should be deleted 10. Get rid of all icons at the bottom: "30 days free return, 5 ways payment Excellent Support Satisfaction guarantee, Superfast delivery" 11. Get rid of: "Copyright © 2021 Laundry Bags, All Rights Reserved.Powered By Branex. " 12. A the Very Bottom of the page get rid of: " About us: We are an American manufacturer of various types of laundry bags, shopping bags, covers, and other textile products. LaundryBagsOnline.com has accumulated 35 years of experience in manufacturing laundry bags and other textile products". 13. When you click on category ONLY DISPLAY LIST WITH SUBCATEGORIES – NOT PRODUCTS. 14. "6"this sign next to Nylon Laundry Bags and Mesh Laundry Bags – should be bigger, like in my #15 line. 15. Products should be displayed after person clicks on Subcatergory (with size). 16. This website has too many plugins. Need to see if we need all of them. 17. Optimize Yoast for the website.	$65	15	0%	$975
